

BALKANS WAR MAY BLAZE ANEW

War With Turkey Practically Ended But Austria Fans the Flames Afresh

DEMAND ON SERBIA MAY FORCE EUROPEAN WAR

Balkan League Issues Defiance and Will Back Serbia With All Zeal

LONDON, Nov. 20.—An early dispatch from Sofia said that Turkey had accepted the Bulgarian peace terms, but the announcement was believed to be premature, and the later announcement from Constantinople of the appointment of Nazim Pasha, the Turkish commander at Tchatalja, as Turkey's representative to confer with the plenipotentiaries of the allies practically dispelled all credence of the reports that Turkey had informally agreed to the peace terms of the Bulgars.

Belated Constantinople dispatches declare that the cholera has effectively ended the Balkan war. They say the Turkish army has been reduced by half through disease and wounds, and is unable to continue a defense. The allies are reported as almost equally affected. Neither side can resume, the correspondent declares, for weeks at least. The coming of winter precludes the possibility of further activity then.

Constantinople is confidently awaiting the contents of the peace proposal, believing the terms will be easy. Dispatches from Sofia announce that General Savoff has been chosen as the Bulgarian representative in the peace negotiations.

SERBIA SEEMS READY TO YIELD TO AUSTRIA'S DEMAND FOR PROBE

PARIS, Nov. 20.—Dispatches from Vienna indicate that Serbia is yielding to Austria's demands that she be permitted to probe the reports that Consul Proschaska was abused when the Serbians captured Presrend. Confirmation of the charges, it is feared, will result in complications, as public feeling in Austria runs high.

AUSTRIA WILL MAKE SERBIA FIGHT FOR ALBANIAN PORT

VIENNA, Nov. 20.—Five corps of the Austrian army are moving toward the Albanian border, and it is generally believed that Serbia must abandon her Albanian port plans, or fight. Popular feeling is high. It is generally believed the Balkan war is practically over.

Two Countries on Eve of War

BERLIN, Nov. 20.—The Tagblatt, a semi-official daily, announces that Austria today sent an ultimatum to Serbia regarding the dispute over Albanian ports. A dispatch from Vienna quotes the Reichpost, the leading newspaper, with an editorial declaration that Austria and Serbia are on the eve of war.

The Tagblatt's story is not sufficiently clear to outline the precise situation calling it forth. Austrian students declare the Proschaska incident is satisfactorily settled as a result of Serbia's furnishing means for investigation. If the ultimatum relating to Serbia's claims for an Albanian port military men say a war is imminent. Great importance attaches to the meeting tomorrow of the Kaiser and Archduke Franz Ferdinand, heir to the Austrian crown. It is generally believed their meeting will decide peace or war for Europe.

ALLIES DEFY ISSUED BY DR. DANIEFF OF BULGARIA

BUDAPEST, Nov. 20.—Through Dr. Danieff, president of the Bulgarian Chamber of Deputies, the Balkan league has informed Austria that it will stand behind Serbia in the Albanian port dispute. Danieff personally delivered this message to the Austrian officials.

He says that within a week the Indians attacked Mazatlan, killing the mayor and four others, including a woman and a child. They also killed two men at Cobach. LOS ANGELES, Nov. 20.—To save the leg of the six-month-old babe of Mrs. Margaret Harrington, the actress victim of Monday night's St. George Hotel fire, a dozen doctors consulted together lengthily this morning. Opinion was divided, half of the doctors contending the child could not live with practically all the skin gone from the right leg, the others determined to give the infant a chance to grow to maturity unimpaired. The latter prevailed, and the operation was called off. Expert nurses are attending the child. The child will be homeless until Mrs. Harrington's husband or other relatives can be discovered.

MANY DEMOCRATS ASPIRE TO POST OFFICE APPOINTMENTS

Big Plums are Jobs at Santa Ana, Orange, Anaheim and Fullerton—Duckworth Goes Out First

How many Democrats in Orange County have an ambition to become a postmaster? Nobody knows just how many there are, or how many there will be, but it is certain that the number runs up into the dozens.

With the election of Woodrow Wilson as president and Kettner of San Diego as congressman from this district, the way for the appointment of Democratic postmasters seems cleared. It is taken as a certainty that when the terms of a number of Republican postmasters in this county are ended, those postmasters will step out and Democrats will take their places.

The four biggest plums in the post-office pit in this county are the offices at Santa Ana, Orange, Anaheim and Fullerton. Even though it will be a year and a half before the terms of any of the four postmasters, L. L. Shaw of Santa Ana, N. T. Edwards at Orange, J. W. Duckworth at Anaheim, and L. C. Edwards at Fullerton, come to an end, there are plenty of Democrats who have actively begun thinking out plans for appointments.

The first term to end will be Duckworth's. He is to go out a year from next May. Reports from Anaheim are to the effect that the Mother Colony has a long list of aspirants. An Anaheim man suggested that a poll list of the Democrats of that city might be taken, and followed in alphabetical order a list of would-be postmasters could be secured. While that is not literally true, of course, still there is no question but what a large share of the most active Democrats of the city would not decline a proposal to get into the race. Duckworth has been postmaster at Anaheim for about six and a half years. Among the candidates is Mrs. Coones.

GOVERNMENT HAS OUT NATION-WIDE DRAGNET FOR QUACKS

WASHINGTON, Nov. 20.—Postmaster General Hitchcock ordered the simultaneous arrest of 172 alleged quack patent medicine doctors in 22 states. The action was the result of a month's investigation of firms believed to be engaged in preparing medicines injurious to health. The names or places of arrests were withheld.

Advices at 2 o'clock this afternoon, eastern time, reported one arrest in Kansas City, three in Milwaukee, two in St. Louis, four in Indianapolis, one in Peoria and two in Pittsburgh. United States officials say the machinery of the postal department and secret service of the department of Agriculture have worked together for arrests. They have followed up closely all newspaper advertising of "specialists."

OMAHA, Nov. 20.—Charged with the illegal use of the mails for advertising "Ladies' guaranteed remedies" Drs. B. Pribbenow, W. A. Burke and Claudius Bibb were today arrested. The federal authorities declare that 172 other doctors in seventy-one cities throughout the country will also be arrested.

CLEVELAND, Nov. 20.—Postoffice Inspector Sharpe today announced that a federal probe against doctors and maternity hospitals engaged in illegal practice had been begun and today predicted one hundred simultaneous arrests in various cities on secret indictments charging the suspects with mailing obscene matter.

"Frisco Specialists Caught"

SAN FRANCISCO, Nov. 20.—Four arrests have been made in this section by a federal marshal in connection with the nationwide quack dragnet. Mrs. W. Trojan and Dr. J. P. Wetzel were arrested here, and Dr. C. J. Blackburn at Petaluma and Dr. J. Lambert at Sacramento. Blackburn is charged with operating under the aliases of Walter B. Blackburn, the Blackburn Drug Co., and the Victor Chemical Company. Other indictments in Northern California are Dr. Frank Glands, Mrs. E. M. Surricer, Osgood Brothers, druggists; Mrs. E. Nanning, Dr. Elliot D. Curtis at Oakland, and Mrs. Velmot at San Jose.

Dragnet Out in Los Angeles

LOS ANGELES, Nov. 20.—Deputy Federal Marshal Irvin Dingle, acting in conjunction with officers in other cities, today arrested Miss Florence Whittington and Miss E. M. UNITED STATES LAND SHOW CHICAGO

Every State in Union to Exhibit Products Next Saturday in Windy City

UNCLE SAM WILL HAVE BIGGEST SHOW OF ALL

Lectures With Moving Pictures Will Show Resources of Entire Country

CHICAGO, Nov. 20.—The answer to the "Call of the Soil" will be heard at the Coliseum Saturday, when the United States land show will open for a two weeks' engagement.

Every state in the Union will contribute its bounty as a great Thanksgiving expression of the \$10,000,000 crop produced by the United States this year.

"Agricultural America" will be assembled under one roof, and the prospective home-seeker can wander from the Everglades of Florida to the New England hills or from the reclaimed "Gardens of Eden," made possible by giant irrigation projects, to the waving wheat belts of the Middle West, while munching a Montana apple or devouring one of "Mammy's" candied yams.

One of the most important exhibits will be that of Uncle Sam. The reclamation bureau will show the land reclaimed from the wilderness. The bureau of plant industry will have something interesting to offer. The weather bureau will have charts illustrating climatic conditions in every nook and corner of the United States, while the possibilities of dry farming in the semi-arid regions will be demonstrated by the department of agriculture. The forestry bureau will show what has been done toward conserving natural resources, while the good roads exhibit will tell graphically how town and country rapidly are being brought together.

The most spectacular feature of this land show will be the colony of Blackfoot Indians, imported from the Glacier National Park, who, in the heart of Chicago, will set up an Indian village and perform their savage war dances for the benefit of the "pale face."

Quite a menagerie of mounted wild animals from this great Western playground, including that lord of creation, the grizzly bear, will give a comprehensive survey of animal life in the Rockies.

Hourly lectures by state agricultural college professors, government experts, and men in charge of the experiment stations, illustrated by stereoscopic pictures or "movies," will afford a liberal education on the land resources of America and give entertainment at the same time.

From South Carolina will come 14-year-old Jerry Moore, champion corn grower of the world, who will tell how he produced 228 bushels of the golden grain from a single acre.

STATE YET SEES SAWS BETWEEN WILSON AND T. R.

SACRAMENTO, Nov. 20.—With the state election count completed in many counties since yesterday, the returns from twenty-two counties totaled to date show that Wallace, the leading Progressive elector, has 41,145 votes, and Griffin, the leading Democrat, 52,350. If Roosevelt wins the state, Los Angeles county must overcome the increasing Wilson majorities.

PROGRESSIVES NEVER TO GO BACK TO REPUBLICAN PARTY

SACRAMENTO, Nov. 20.—That the effort of the political leaders to reorganize the Republican party from inside is vain, was the declaration of "Boss" Flinn of Pittsburg, here today. Flinn was among the strongest Roosevelt supporters. He declared the Progressives could never be coaxed back to the Republican party.

RESENT THE INSULT

It seems to the Register that it is about time for Santa Ana to serve notice on the Pacific Electric Railway that it has "got to quit kicking" our dog around." The way that railroad treats Santa Ana is outrageous. Worse than that, its insulting—not in its manner or method of negotiation or conference—in that way the railroad is as smooth as velvet. But in its actual dealings with us it laughs in our faces and tells us to "go plumb to —," well, you know where.

Public interest demands that the P. E. Railway be double-tracked between Santa Ana and Stanton. The terms upon which the rights-of-way were obtained provide for such a double track. The railroad is under moral if not legal obligation to build such double-track upon demand. But it persistently ignores the demand.

In every other way it flouts us and laughs at us. It tore up West Fourth street and left it in that condition for months. When the people of North Main street paved from the S. P. track to the Santiago bridge, the railroad left its part of the street unpaved until the work done by the property owners was greatly damaged by the water getting under it and by traffic. When ordered to repair its right of way with respect to the loose granite blocks the railroad dug out the worst places, and after leaving the holes open for weeks finally made sort of makeshift repairs. On Fourth street it was the same.

In short the railroad does as it dally well pleases, regardless alike of the terms of its franchise and of the public interest.

The remedy is in our hands and we should use it. If the civic bodies of the city would "take the bull by the horns," they could make the railroad commence work on that double track within ten days and prosecute it vigorously until completed.

SAN BERNARDINO MOVES. ON COUNTY ROADS BONDS

San Bernardino Sun: County highway bonds was a slogan sounded before the board of supervisors yesterday morning by C. M. Brown of Redlands and George M. Cooley of this city their appearance before the board being to suggest that the preliminaries for such a campaign be considered what they really proposed was that if the supervisors were willing petitions be put in circulation looking to the calling of such a bond election and the appointment of highway commissioners.

But members of the board no whit less enthusiastic over the roads, pointed out that the route of the state highway through the county has not yet been fixed, and until it was definitely located, it would be unwise to start the county highway question. For the latter should supplement the former.

It has been generally believed, among supervisors and others, that the location of the state highway and commencement of actual work on it should be the signal for another campaign for additional roads by means of a county bond issue, but the outcome of yesterday morning's discussion was an agreement to delay action until after the route of the state road had been definitely fixed.

AMUSEMENTS

Tonight at the Grand Opera House Valeska Suratt and her company of show people are to present "The Kiss Waltz." Those who saw the production in Los Angeles declare that it is great. It is a laughable thing. Everybody has to laugh. It is so funny they cannot help it.

The outlandish costumes worn by Miss Suratt during the show are worth going far to see. She changes her dresses eleven times during the evening.

The singing is extra good. The chorus work is pleasing, and some of the "stunts" pulled off during the evening are novel in the extreme.

GOD'S WORD AND EVOLUTION

BY REV. W. L. C. SAMSON

Evolution, according to a recent article, "repudiates wholly the doctrine of the fall of man."

Yet God's word tells us of the "fall" in Genesis. In Rom. 5:12, it says: "By one man sin entered into the world, and death by sin; and so death passed upon all men, but that all have sinned." Jesus says, in Luke 19:16, "The Son of man is come to seek and to save that which was lost."

Evolution repudiates God's word, which declares men are fallen and lost.

"Death did not enter into the world through sin," says evolution.

God's word says, "By one man sin entered into the world, and death by sin." Rom. 5:12. "Sin, when it is finished, bringeth forth death." Jas. 1:15. "In the day that thou eatest of the tree of knowledge of good and evil, thou shalt surely die." Gen. 2:17.

Which is true, the Word, or evolution?

The "Recent article" again declares, "Evolution has no use for the doctrine of blood atonement."

Jesus said: "This is my blood,"

Electric Light Rates

Santa Ana, Cal., Nov. 20, 1912.

To the Editor of the "Register":

The "Register" last night quoted Mr. McPhee as making some statements that seem to call for comment. I wonder if many of us understand the real significance of the call that Pasadena is sending out to her sister communities for co-operation with her, in her effort to compel the Edison Company to fight fairly? For, in spite of the efforts of the corporation lawyers to belound the issue, that is all there is to belound the call.

Let us recall a few facts. Pasadena found herself being charged exorbitant rates for electric current, by an arrogant corporation which gave notoriously poor service, and in self-defense built a municipal lighting plant, and entered into commercial competition with the corporation, offering service at reasonable rates. Notwithstanding the fact that the Edison Company had been loud in its declaration that current could not be delivered at these rates, the corporation established a rate of less than half the price first established by the city. In a few months from the time the city entered the commercial field, the Edison Company had reduced its rate from 12 cents to 4 cents per kilowatt hour. When the writer, then a newcomer to Pasadena, applied to the Edison Company for light for his home (less than six hundred feet from the end of the Edison line), he was curiously told that he could have service for a minimum rate of \$4.50 per month, if he signed a contract binding him to pay that rate for at least one year. A few months later, (when the municipal plant was preparing to enter the commercial field), able, courteous solicitors were sent out, over the city, and the writer was offered service at a flat rate of 75 cents per month.

It seems to the writer that real conditions and facts should be faced. Either the earlier charges made by the Edison Company were exorbitant, or they are now ruinous. Either the price now paid by every other community in Southern California gives the Edison Company an unreasonable profit, or they are losing money in Pasadena. Pasadena could have fixed the rate for the Edison Company arbitrarily, but she was actuated by more progressive principles. Realizing that the large trust is able to maintain a monopoly, not because it can produce more cheaply, but because its ability to discriminate, to kill competition by ruinous prices in one locality while charging exorbitant prices elsewhere, Pasadena went before the State Railroad Commission asking

Realizing that the large trust is able to maintain a monopoly, not because it can produce more cheaply, but because its ability to discriminate, to kill competition by ruinous prices in one locality while charging exorbitant prices elsewhere, Pasadena went before the State Railroad Commission asking

that in its competition with the municipal plant, the Edison Company be compelled to fight fairly. Pasadena seeks no unfair advantage; she merely asks that the Edison Company be made to charge a price for service at which they can make a profit. In taking this advanced position, Pasadena is not only fighting her own battle, but is striking a telling blow in the contest the whole people are waging, to escape from the tyranny of the great corporations. The independent manufacturer asks no undue advantage. If the corporation can be forced to desist from destructive competition, from cutting prices in isolated localities for the purpose of killing competition, the independent producer with limited capital will be able to compete, and the trust will have lost its power to rob.

Pasadena did not get what she asked for from the Railroad Commission, but her course resulted in the Commission ordering the Edison Company to cut its rate to all Southern California, making a saving to the various cities aggregating something like \$100,000 per year. Pasadena having rendered this service to her sisters wants more. She says that either the Edison Company is selling current at less than cost for the purpose of destroying her property, or they are charging her sisters more than is legitimate; and she asks her sister communities to join with her and call the hand of the corporation. She has demonstrated that she can run her plant on a 5-cent basis. If this is too high, if the Edison Company can sell current profitably at a lower rate, she is willing to accept the situation and close her plant if necessary; but she claims that if such is the case, her sisters should not pay a higher rate. The writer objects to the statement of Mr. McPhee that Pasadena has the worst lighted streets in Southern California. The writer does not know the conditions in all the neighboring cities, but he has lived in Pasadena, and he has also seen the streets of Los Angeles and Santa Ana by night. CHAS. H. STEARNS.

WENT TO LONG BEACH

Ladies of Travelers' Club, No. 1, Guests at Lovely Home of Mrs. Nickey

With four gallant gentlemen as chaperones five automobiles of ladies departed yesterday forenoon for Long Beach to spend the day with Mrs. R. E. Nickey, a member of the club of which the guests belong, Travelers, Number One, of the Santa Ana Ebell Society. The fortunate gentlemen who chaperoned the gay party were Messrs. H. C. Dawes, L. J. Carden, George Smith and C. S. Kendall, their automobiles and that of the Baumgartners being used.

The Travelers were driven direct to the beautiful new home of their hostess, Mrs. Nickey, who gave them the warmest of welcomes. The charming home was viewed later and was admired to the fullest extent as it is exquisitely finished and furnished. Mrs. Nickey's well-known good taste is seen throughout the almost perfect home which has all modern innovations, one of these being the housing of the garage under the same roof as that of the dwelling. The house is built in Swiss chalet style.

A handsomely appointed luncheon was served after the ladies had enjoyed the beauties of the lovely home. The highly polished table shone through exquisite lace doilies with dainty settings of china and silver. Red carnations, vivid and fragrant, were employed in the decorations of the table as well as of the house throughout.

The afternoon hours that remained before departing for Santa Ana were spent in a purely social way, study having been thrown in the discard for the day.

When the gallant masculine chaperones reached the house to convey their interesting charges on the homeward trip, they were invited to inspect the charming interior of the home. They were as eloquent in their praises as the ladies had been. All were delighted with the trip and the delightful hospitality of Mrs. Nickey who was most efficiently assisted by her daughter, Mrs. McKenzie.

Mrs. W. L. Tubbs, former curator of the Ebell, was the guest of honor of yesterday's pleasant affair.

Y.M.C.A. SCORES SUCCESS

Second Monthly Social Held Monday Night; Enthusiasm High; 100 Present

The Y. M. C. A. scored another splendid success Monday night when the second regular monthly social was held in the United Presbyterian church. Enthusiasm ran high from the first to the last minute. There were about 100 members and friends present, and all had a royal time.

Athletic stunts were pulled off, as well as interesting games. Refreshments were served at the close and the social committee deserves credit for the program which was carried out to the delight of all.

Hand-bills of the coming stereopticon lectures, which are to be held throughout the county under the auspices of the county committee were passed around. It is hoped there will be a good number attend these lectures as the money thus raised is to be used in the county automobile fund.

This automobile will greatly facilitate the work of the county secretary in getting to the different towns of the county when most needed.

Happily Surprised

Dr. and Mrs. John Wehrly were agreeably surprised on Saturday night when some twenty-five of their neighbors and intimate friends invaded their pleasant home in honor of their twentieth wedding anniversary, falling on last Sunday.

There were jolly little games to entertain the surprisers and their hosts. Besides, there was a choice impromptu musical program in which Mr. and Mrs. Harry Warner rendered piano duets, Mrs. A. J. Padgham played piano solos and the two sons of the Wehrly household, John and Waldo, delighted the company with piano selections.

To the strains of a wedding march played by Harry Warner, Dr. and Mrs. Wehrly were brought forward and presented with some beautiful Haviland china, J. W. McCormac making the presentation speech for the party. Refreshments taken in by the self-invited guests were served, completing the pleasant evening.

Were Hostesses

The young ladies who were hostesses at the triple birthday celebration at Taylor's on Monday night last, with Misses Eagleson, McDowell and Rankin, Misses Esther Patterson, Mary Shrewsbury, Bernice Shrewsbury, Laura Fenstermacher, Mayme Brightwell, Bessie Lewis, Susan Claycomb, Inez Cloyes, Lotta Cloyes, Alice Trickey, Mary Wood, Caroline Eagleson, Leslie Smith, Blanche McDowell, Bessie Hill, Mary Smart, Robbie Jones.

Tustin Reception Put Off

The reception to be given by the Tustin W. C. T. U. next Friday night has been indefinitely postponed on account of the death of W. C. Crawford, whose wife is a member.

St. Elizabeth's Guild

St. Elizabeth's Guild of the Church of the Messiah held the first regular meeting of the season last evening in the Guild hall of the church. A goodly company was present, refreshments were served and all enjoyed a very profitable evening.

On Saturday, November 30, it is planned to have a marigold tea at the home of Mrs. Dr. Waffle, to which the public generally is invited. At this tea the girls of the Guild will sell marigold seeds, and the money thus raised will be devoted to the vestment fund of the choir. Mrs. Dr. Waffle generously consented to open her beautiful home for the occasion, and it is hoped the tea will be a success, as the vestments will add to the enrichment as well as the reverence of the chancel.

Missionary Program

A Home Missionary program will be given in the United Presbyterian church this evening at 7:30 by the Ladies' Missionary Society. The work that is being done by the women of the United Presbyterian church to evangelize this country, and to establish the righteousness that exalteth a nation will be presented.

On next Monday evening the Brotherhood will give a similar meeting.

These two special services are arranged for the observance of Home Mission week.

An Unexpected Dinner

The "Around the Corner" Club was entertained yesterday afternoon by Mrs. L. P. Hickox. This is a neighborhood club whose members have such congenial ideas that a good time is always sure to result when they get together. Needlework is the standby diversion at the meetings of the club, but some "sideline" is always sure to be developed.

Yesterday was no exception to the rule, as Mrs. Hickox had a surprise for her guests, inviting them to a table set elaborately for a Thanksgiving dinner. Autumn leaves, brilliant in rich hues of red and yellow, and

the more appreciated because sent all the way from Idaho, where Mrs. Hickox's eldest daughter is visiting, were used in decorating the table.

The first course served was of oyster patties, cheese wafers and olives. These were delicious and were eaten with a relish. Then came a turkey served on a platter, and flanked with vegetables. Doesn't that sound appetizing? But, alas! the turkey was paper mache and the vegetables were uncooked. However, there were compensations, for the turkey was stuffed with really, sure-enough candies. With this course came a generous-looking covered dish, promising something good. When it was opened, it was found to be filled with menu cards, the various dishes of the menu being so obscurely named that a good deal of knitting of brows and cudgeling of brains was necessary to correctly designate them. This "course" proved decidedly prolific of amusement, and was a genuine guessing contest. The "sided course" received itself into humorous newspaper stories served on lettuce leaves. Walnuts came next, a clever conundrum stuffed in the nut shell taking the place of the toothsome walnut meat one expected to find.

The final course, which was long deferred by the jolly salad and nut relays, included real after dinner mints, pumpkin pie and coffee.

The "Around the Corner" ladies unanimously agreed that their hostess had served them with one of the most interesting Thanksgiving spreads it had ever been their good fortune to sit down to.

Mrs. Bishop's Dinner

Violets mingling with maiden hair fern and banked as a five pointed star, afforded a lovely centerpiece at the delightfully appointed dinner given last evening in the Dragon balcony by Mrs. J. W. Bishop. The catering was excellent to the last degree and the decorative effects were elegant in their simplicity.

Covers were laid for Mr. and Mrs. Bishop, Messrs. and Mesdames W. A. Zimmerman, W. E. Winslow, J. J. Roper, E. B. Smith, H. C. Dawes, L. J. Carden; Mrs. C. E. French and Mrs. L. A. and as it was broad daylight every one could see with their own eyes the influence she has on lovers, "looneys," sleep, birth, seas and cucumbers. One of the club's officers, as well as one of its most truthful members, vouched for the fact that cucumbers she planted, this year, with her own hands, in the light of the moon grew and grew until they stopped automobiles. The seed of these cucumbers are very choice and can only be procured at 423 East Pine street.

The president of the club is not one bit superstitious but she likes to take the first peep at the new moon over her right shoulder. Mrs. Elizabeth H. Mills, mother and counsellor of the club, assured all her girls that she made a fetching little speech to the moon and found out it was the guiding star of love. She discovered this away back in Indiana where she was young like.

"The crescent moon that above her shone, Naught perceived she within, dull or dim; All that appeared was suitable to One Whose fancy had a thousand fields to skim."

Mrs. Flora M. M. Pyle read a magazine article on "Eugenics." This article brought forth a general discussion and came within an ace of being a rival of the moon.

The club decided to familiarize itself with the history of Orange county. The program committee was instructed by the club to make a note of this fact and act accordingly when arranging another program.

The members of the club were requested to bring their gifts for the Indians' Christmas box to Mrs. Gale's, 322 Spurgeon street, on or before December 3rd. A box is sent filled with toys, candies, clothing, etc., to some Indian reservation every year by the Woman's Club.

has several "kicks coming," and we will make record of them from time to time.

The particular kick at this time is against the practice of turning loose on our streets so much blue smoke from the hind end of automobiles. This blue smoke is not only annoying to everybody (except the party that makes it) but is a menace to health and especially so to those who suffer with any lung or bronchial trouble.

If our city government cannot or will not afford us relief there must be found somewhere else a remedy.

We will have something more to say about this matter later, as we may find time, but just now we are attending to the hardware business and it keeps us fully occupied "Buying and Selling" and working out the daily problems that must be met and solved each day.

We were fortunate in buying a large lot of corrugated galvanized iron and water pipe before the recent advance in price. We compete with the Los Angeles market.

\$27.50 A TONTomato Crop Around Fullerton Has Come to be of
Big Proportions

FULLERTON, Nov. 20.—The local vegetable companies are shipping from the Fullerton district one of the largest tomato crops in the history of this part of the county, over 1000 acres having been planted to this product this season.

Twenty-eight carloads have been shipped for the week ending yesterday, averaging ten tons to the car. Nearly all of the output goes to the eastern markets. The quality of the tomatoes was never better and the yield is much heavier than it was last year. Provided there is no frost, tomatoes will be shipped from Fullerton up to January 1. The price paid this week is \$27.50 per ton.

R. S. Gregory has sold to Arthur Osborne residence lots 4 and 5 in Glenwood square. Osborne will erect a \$2500 cottage on the property. Lots in the Gregory subdivision have been sold to Elizabeth Wyant, Miss Rose Robinson and L. C. Ellis.

Hugh Osborne, who has been connected with a local fruit company for some time, has accepted the management of one of the leading packing-houses of Redlands.

DICTIONARY HABIT
BEING ENCOURAGED

Mr. Sawyer's able presentation of Word Analysis, a subject added to the course of study this year, has proved itself of great value to the students of the Commercial High School. It not only helps the student to analyze and understand the definition of words, but it teaches him the dictionary habit as well. The five Webster's International Dictionaries are kept busy almost constantly. Principal Hughes states that he has never seen students get the dictionary habit as they have this year. The attendance of the school is still growing. Mrs. F. E. Drew, Mrs. G. F. Sawyer, Le Roy Clapp, Charles Crum, Carl Cherry, and Lena Young have recently entered.

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed to vastly benefit the people. Ramon T. Marchan, of Barcelona, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c & \$1.00. HAS THE RIGHT TO CARRY GUN

Dr. Ida Parker of Orange is Appointed Deputy Sheriff by C. E. Ruddock

Dr. Ida B. Parker of Orange, former health officer of that city, has been appointed a deputy sheriff by Sheriff Ruddock. Dr. Parker is probably the first woman deputy sheriff in the county outside of those whose duties require that they be deputies. Among the latter are Miss Nellie Bacon, clerk in the sheriff's office, and Mrs. E. W. Boynton, matron of the county jail.

Dr. Parker applied to the sheriff for a permit to carry a revolver. She stated that as a physician she is often called upon to drive out late at night, and for her own protection she desired the right to go armed. The sheriff made her a deputy, which not only gives her the right to carry a revolver but gives her the power to make arrests. Dr. Parker is familiar with the use of firearms. She is known to be a good shot with a shotgun, and has often hunted quail, doves and rabbits.

Encarnacion Santoyo is on trial in the superior court today on a charge of assault with a deadly weapon with intent to kill Jose Rodriguez at Anaheim on Oct. 7. BE NO APPOINTMENT UNTIL DECEMBER 3

Plans for Cottage for Superintendent of Poor Farm Have Been Selected

Yesterday afternoon the Board of Supervisors adjourned until Dec. 3, without taking action on the voluntary resignation of William H. Burn-

ham of Orange as a member of the County Highway Commission. Yesterday when the resignation was received it was thought that the board would meet again today to accept the resignation and to make the appointment of a successor to the well known citizen of Orange who withdraws from the commission on account of his health. With the adjournment to Dec. 3, no action will be taken until that time.

Begin Building
The supervisors are ready to commence the improvement of the seventy-two acre tract purchased at West Orange. Yesterday the plans of Architect Frederick H. Eley for a house for the superintendent of the poor farm were accepted. The house will be an attractive five-room bungalow.

Contract for Wiring
The supervisors accepted the bid of the Cope Electric Co. for wiring the new cells and corridor being placed in the county jail. The bid was \$208.

Other Matters
A map of Kraemer's addition No. 1 to Placentia townsite was accepted. Probation Officer Scott was given permission to purchase a typewriter for his office.

The county treasurer was given permission to purchase a photograph for use in his office.

BUNGALOW FLOOR PLAN FOLDER FREE

Call at "Home Builders" Office at 310 Orange Avenue and Get One of These Folders Showing 50 Plans of Bungalows

You may secure one of these folders showing fifty floor arrangements, during the next ten days or two weeks, by calling at the local office of the company, which is located at 310 Orange Avenue, Santa Ana. These plans are taken from the working blue-prints as made by "Home Builders" architects and while they are necessarily small prints, yet they show clearly the many arrangements possible in moderate priced bungalows. The folder is of convenient form and may be had free. Call or write for one.

The company has recently issued its financial statement for the quarter just closed, and the stockholders have reason for congratulation. More than \$70,000 was added to the surplus the last three months, besides the distribution of a dividend which amounted to almost half that sum.

There are many stockholders residing in and around Santa Ana and these people will soon be receiving their dividend checks. If you are not interested in the floor plans you should get acquainted with the company, and now would be a good time to learn more about it.

OFFICIAL OF WATER COMPANY IS DEAD

Man Who Was Superintendent for Twelve Years Passed Away Yesterday

James A. Smith, for twelve years superintendent of the Santa Ana Valley Irrigation Co., died at his home at Orange yesterday afternoon at 3 o'clock. With his passing goes one of the best known men connected with the irrigation system that supplies water for 17,500 acres. Smith had the confidence and respect of everyone connected with the company from its president down to the smallest stockholder. He worked up to his position from a laborer on the ditches. His judgment and absolute fairness as a superintendent were never questioned.

Smith was a resident of the county from the time he was two years old, his parents having moved to what was then known as Gospel Swamp, fifty-one years ago.

Smith has been ill for many months. He underwent an operation, but was unable to rid himself of the disease that took him away.

You'll know in five minutes that HYOMEI is reaching the sore membrane and its soothing influence is bringing you most comfortable relief. For Catarrh, Croup, Sore Throat, Coughs, Colds and Asthma the Rowley Drug Company is authorized to guarantee HYOMEI or money back. Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.—Advertisement.

AT THE CITY HALL GAS FRANCHISE IS TWENTY-FIVE YEARS

Three Mexican Gunmen Were Sentenced to County Jail for Thirty Days Each

As the result of a conference yesterday between city trustees and officials of the Southern Counties Gas Co. it was agreed that the franchise to be issued to the company shall be for a term of twenty-five years. All other provisions of the proposed franchise were agreed upon several weeks ago. Trustee Ey favored a twenty-year term. The gas company wanted a longer term than twenty-five years. The officials of the company stated that most of their franchises elsewhere are for thirty-five years. At the next meeting of the trustees notice of sale of the franchise will be read and ordered published.

Taxes Delinquent Soon
City Tax Collector Jernigan and City Assessor Vegely, who is deputy city tax collector, are busy taking in the tax money. In the last two days \$7500 was received. City taxes are payable in one payment, and become delinquent at 6 o'clock on December 2.

Thirty Days Straight
Yesterday afternoon City Recorder Willson handed three Mexican gun-packer sentences of thirty days each. There was no alternative of a fine. E. Rico, arrested on East Fourth by Officer Gilbert soon after he had purchased some cartridges; Daniel Lemos, who had a big revolver on him when Constable Jackson arrested him for stealing \$5 from a Mexican, and G. Rangel, arrested on East Fourth street by City Marshal Jernigan, are the men who received the jail sentences. Rangel had a bottle of liquor in his pocket.

HIGH LIVING COST REASON

Yale Professor Lays Inflated
Prices to Inflation in Gold
and Credit

NEW YORK, Nov. 20.—Prof. Irving Fisher of Yale university told the members of the New York Manufacturers' Association in Brooklyn Monday night that the high cost of living was due primarily to what he termed gold inflation and credit inflation.

"As these two influences, gold and credit, are closely related," said the political economist, "we may unite them in the one word, inflation."

"History is full of illustrations of paper money inflation and the terrible consequence in disturbing contracts and business stability, as well as the injury to the salary class and the wage earners. Yet scarcely was the provision made for the redemption of the greenbacks before we seemed to have forgotten the terrible evils which they had caused. Consequently we allowed congress to enact a law preventing the retirement of the greenbacks and two laws providing for inflating our currency with silver. I believe now that business men should join in a campaign of education to make the public understand that gold inflation is just as disastrous as silver inflation."

"Monetary contraction and monetary expansion are evils from whatever cause they may come. The question of the hour is that we may suffer from gold inflation which comes from natural causes just as truly as from inflation through legislative enactments."

"The weight of the gold dollar remains fixed, but its value or purchasing power does not. To be so careful about the size of the gold dollar and so indifferent to its purchasing power is as absurd as it would be to stipulate carefully the size of the package containing breakfast cereals, but to take no notice of how much cereal it really contains."

"In the last 15 years, although the gold dollar has remained the same in size, its purchasing power has fallen to two-thirds of the dollar of 15 years ago."

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

THE JUDGMENT IS AFFIRMED

Appellate Court Justices in
Opinion Make Caustic Comment Concerning Attorneys

The opinion of the appellate court justices in the appeal case of Mrs. Kate Meador has been received here, and it not only has set down a new rule to be followed in appeals where the attorneys taking the appeal fail to present their arguments in the upper court but it has some pointed remarks concerning the Meador case. Mrs. Meador was convicted on two counts of selling liquor at Delhi, which is in no-license territory, and she must serve thirteen months in jail and pay a fine of \$125. She was prosecuted by District Attorney West and Deputy Koespel. The opinion in the case follows:

Judgment Affirmed
In the District Court of Appeals, Second Appellate District, State of California.

The People of the State of California, plaintiff and respondent, vs. Kate Meador, defendant and appellant. Crim. No. 261. Filed Nov. 12, 1912.

Appeal from Superior Court of Orange County, Z. B. West, Judge.

For appellant: Henry W. Nisbet, Dick Foye Harding, attorneys of record.

For respondent: U. S. Webb, Attorney General, and George Beebe, Deputy Attorney General.

Notwithstanding the fact that the transcript herein, containing upwards of 200 pages, was filed August 14, 1912, and the case duly set down for hearing October 28, 1912, the attorneys of record purporting to appear for defendant neglected and failed to file any points and authorities herein. At the calling of the case at the October term one of the defendant's attorneys of record, while making no argument and submitting no points and authorities in support of the appeal, asked that ten days be granted defendant within which to file points and authorities in support of her appeal. The time was granted as requested, but her attorneys, still unmindful of their obligation to both their client and the court, have neglected and failed to file points and authorities, or otherwise assign any ground upon which to base a claim for a reversal herein.

The law provides that in criminal appeals the reporter, upon demand, shall prepare a transcript, the duty of certifying which is imposed upon the trial judge, and when so certified the clerk is required to file the same in the appellate court. The code, however, does not impose upon the appellate court the duty of examining the record in search for prejudicial error justifying a reversal. This court will not assume such labor, but where attorneys neglect their duty and, in violation of their obligation, abandon the interest of a client, will assume that no ground for reversal exists, and, as provided by section 1253, Penal Code, order the judgment affirmed. (People vs. Albitre, 153 Cal. 367; People vs. McDermott, 97 Cal. 247.) Section 1247, as amended, not only provides that upon an appeal being taken the defendant must within five days file with the clerk and present to the trial court an application stating the grounds of the appeal and the points upon which appellant relies, and designate what portion of the phonographic notes will be required for use on said appeal, but further expressly provides that if such application is not filed within said time the appeal is ineffectual for any purpose and shall be deemed dismissed. To this we add that where an appeal is perfected in accordance with the provisions of said section and defendant neglects to file points and authorities within the time prescribed therefor, or within such further time as the court may by order designate, and likewise fails to appear at the time when the appeal is regularly called for hearing, this court, in the absence of any sufficient showing for relief, will deem such neglect and want of action sufficient ground for affirming the judgment in accordance with the provisions of section 1253, Penal Code. It is quite true that in some cases defendants may, by reason of the enforcement of this rule, be deprived of a hearing on appeal. Nevertheless, the proper and efficient administration of the penal laws of the state, due regard being had to established procedure, demands a speedy disposition of all appeals taken in criminal cases.

The judgment and order are affirmed. SHAW, J.
We concur: Allen, P. J.; James, J.

GEN. BIXBY GIVES HOPEFUL VIEWS

Says Army Board Favors Harbor Improvements That Will Cost \$121,000

LOS ANGELES, Nov. 20.—Brig. Gen. W. H. Bixby, chief of engineers of the United States army, who arrived in Los Angeles Monday, made it plain in an interview that the board of engineers is squarely behind the recommendations made by Col. Charles H. McKinstry for harbor improvements in the district of Southern California for the ensuing year. "Colonel McKinstry's recommendations," said General Bixby, "have all been embodied in the first draft of the rivers and harbors appropriation bill as submitted by us to the Secretary of War. These consist of the following items: For Los Angeles Harbor, \$101,000 for the completion of the thirty-foot channel, and \$20,000 for the completion of dredging in the east and west basins; for maintenance in San Diego harbor, \$35,000; for completion of the breakwater at San Luis Obispo, \$45,000. "Last year we included all his recommendations, but the total of our items recommended for the entire country was about \$45,000,000, and we were told by the Secretary of War that we would have to cut it to about \$30,000,000. We have had no such work this year as yet, and our total is about \$30,000,000 again. Later it may have to be trimmed down, and

we cannot say what may have to be sacrificed."

"I will say this, however," the General stated, "that there is small prospect of any beginning of fortification work on the mainland for a year or two. The fortifications in the Philippines, in Hawaii and on the Panama Canal are regarded as urgent and the government probably will spend all the money there that Congress can be induced to appropriate at the present."

"Colonel Goethals is meeting with difficulty in getting through bills for the Panama fortifications. The Republicans in Congress are disposed to keep appropriation bills down for this session, so that extravagance cannot be charged to the administration and the Democrats gain an advantage by comparison."

TO RING BELLS AT SAN DIEGO

"Agu" is Last of Family That
Has Pulled Ropes for Chimes
for Many Years

SAN JUAN CAPISTRANO, Nov. 20.—Few persons who visit the mission at San Juan Capistrano see one of the most interesting figures of the old place and one most intimately acquainted with its history.

This is a full-blooded Indian named Jose de Garcia Cruz, familiarly called Agu. Agu and his father and his grandfather before him were the official bellringers of the mission, which was the sixth to be founded in California. Agu still rings the chimes on the four old bells, but when he passes out, the old line will be broken, for he is the last of the family. He is 78 years of age, but still is hale and hearty.

The aged man has been invited to ring the bells at San Diego during the big fair, and is looking forward to the occasion with almost childish delight. He has never been very far from the confines of the mission town of the old padres.

When Agu was asked to pose for a picture he led the way to the ruined arena, where many a time he had witnessed the lively bull fights with the gay crowds sitting upon seats erected on the red-tiled roof. Taking

his stand beneath a rose bush white with bloom, he said in his quaint English, "Come on."

Agu is greatly excited over the digging out of the old ditch used so many years by the padres and to furnish water for the rancherías which surrounded the mission.

C. Echenique, who came here from Spain about 15 years ago, will plant hundreds of acres of the old Don Juan Forster ranch to oranges and lemons, the ground never having been used for anything but grain. Mr. Echenique has a choice collection of metates, hollowed out stones in which the grain was ground of all sizes, also cannon balls of great weight, which were dug up by him.

For many years the village has been asleep, but now is waking and a number of new buildings have been erected, including fine homes by Mr. Echenique and Frank Forster, a descendant of Don Marco Forster, who formerly owned all the land from El Toro to Oceanside.

The road to be built by the state highway commission will pass through San Juan Capistrano.

INTEREST IN THE REVIVAL INCREASES

Continued and increasing interest is manifest in the revival services at the Free Methodist church. Last night the evangelist, Rev. J. E. Cochran, took for his subject the "Character of Elijah, the Prophet." He said that a discouraged soul is a defeated one, and a man never travels so fast from God and hope as when he has surrendered himself to a spirit of discouragement.

The congregation is delighted from night to night with the beautiful and impressive solos of the evangelist.

Four seekers came forward last night and a part prayed through to definite victory.

This evening the official board will meet in the upper Sunday school room at 6:45. The services will continue each evening during the week at 7:30 except Saturday.

ANAHEIM DRY FIGHT LIKELY

Probability That Liquor Question Will be Tested at
Mother Colony Soon

ANAHEIM, Nov. 20.—An election to vote on the proposition of making Anaheim a "dry" city is said to be a strong probability in the near future.

Brown and Curry, the evangelists, recently held a revival meeting here, and at that time announced that they would come back and make Anaheim a "dry" city. Since that time the Anaheim Moral Protective Association has been organized, and it is said that the chief object of this organization, at least for the present, is to take charge of a vigorous anti-liquor campaign.

At the last city election the license question was not up directly. The candidates for trustees who were favorable to the "open" town were elected by good majorities, but there were other questions at issue which overshadowed the sentiments of the candidates on this issue, and the result was not considered by either side a test of relative strength on the license question.

Whether efforts will be made to carry prohibition under the Wylele law, or simply submit the question under municipal laws, it is said, has not been determined as yet.

FORMERLY SCHALL MUSIC HOUSE, SANTA ANA.

Selling out his business was a real sacrifice to Mr. Schall. Sickness in his family compelled him to make the move. What he has to say in the matter you can read below. Certainly his letter attests to the genuineness of this sale, and the reasons which compelled him to make this sacrifice.

READ MR. SCHALL'S LETTER

Santa Ana, Cal., Nov. 13, 1912.

Geo. J. Birkel Co., Los Angeles, Cal.
Gentlemen:—After careful consideration I have concluded to accept your offer to purchase my entire stock of Pianos, Player Pianos, Player Music, Stools, Benches and Seals. It is, of course, a great disappointment to myself and family that we cannot carry out our plans, establishing a business here, but sickness in my family makes it absolutely necessary for me to return at once to Minnesota. It is for this reason only that I am compelled to accept your offer and act quickly—I personally selected every one of these Pianos and Player Pianos, have sold them for years in my eastern home, know how well they wear and give musical satisfaction—and in turning these instruments over to you, I wish to express my thanks for your prompt action in assisting me to hurriedly adjust my affairs and to recommend these instruments and your very excellent concern to any who may be thinking of buying a real musical instrument.

Respectfully,
(Signed) SCHALL MUSIC HOUSE.
